POINT 1

ENVIRON 50% DES SÉCHERESSES MÉTÉOROLOGIQUES EN
FRANCE SONT PRÉCÉDÉES D'UNE SIGNATURE
PRÉCISE DES RÉGIMES

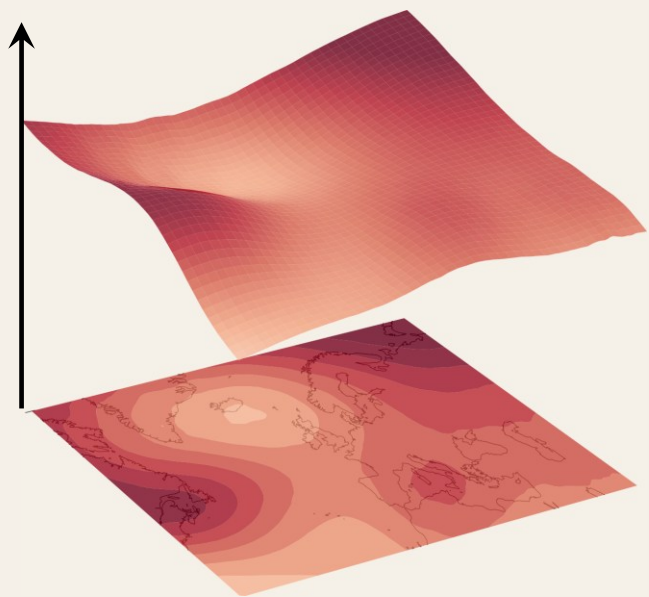

The background of the image is a dark, textured surface with a pattern of irregular, cracked lines, resembling parched earth or a dry lake bed. The cracks are dark and form a complex, interconnected network across the entire frame.

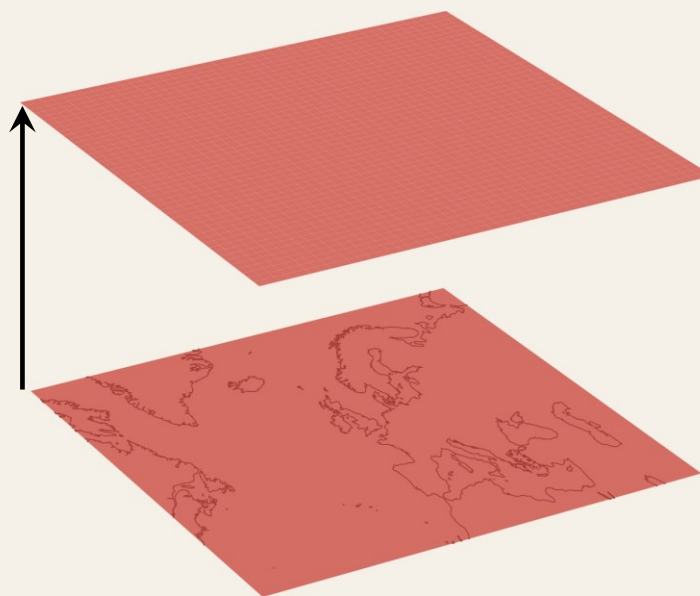

COOL.

POINT 2

DANS LE FUTUR (2070-2100) LE LIEN ENTRE LES RÉGIMES
DE TEMPS ET LES SÉCHERESSES RESTERA LE MÊME
QUE DANS LE PRÉSENT

The background of the image is a dark, textured surface resembling parched, cracked earth. The cracks are irregular and form a complex, interconnected pattern across the entire frame. The color is a deep, muted blue-grey.

ET DONC ?
